CERMARK® ULTRA

CerMark® ULTRA black laser marking paste and spray offer an [improved formulation](#) that creates high-quality and extremely durable marks while maintaining glass and ceramic substrate integrity. CerMark® Ultra is specifically formulated to laser mark on all markable substrates such as metals, glass, ceramics and more!

- Protects the surface from laser damage
- CerMark ULTRA marks are scratch and weathering resistant
- Once dry, CerMark ULTRA will not rub off on your fingers while handling
