

# Create with Quality Wood Veneers

Perfect for marquetry hobby and woodworking projects.

## Sauers & Company Veneers Wood Products

Offering expertly chosen exotic raw wood and dyed veneer sheets as well as decorative in-lay edge banding, all in conveniently sized hobby packs. Every wood veneer pack is sequence cut, providing any project you create with seamless lot to lot matching. With Sauer's Veneers from Johnson Plastics Plus, you can maximize your projects value by adding real wood textures at a fraction of the cost of heavier gauge wood sheets!

These high-quality veneers can be easily cut with a laser, hand tools or desktop cutter. Sauer's Veneers are created from sustainably harvested, domestic raw wood, giving you peace of mind that you're making an environmentally friendly choice for your next project.
